

New Hearing Instrument Wearer Helpful Tips

1. Remove hearing instruments before sleeping, showering, swimming, skydiving, getting hair done or applying hair spray.
2. When removing hearing instruments, remember to open battery doors, wipe off domes with cloth provided, and put in one of the cases.
3. Wear your new hearing instruments at least 8 hours a day so your brain will adjust to the new sounds.
4. Expect some sounds to be a little different and sensitive the first week as your brain is getting accustomed to hearing better (similar to the way your eyes adjust to brighter light).
5. Change both batteries when you hear the double beep indicator tone (every 4-7 days). Remove the tab from the battery then wait one full minute before placing the battery in the instrument.
- 6. Enjoy hearing better!**
7. Call if you need anything or have any questions.

Customer Care Number: 706-835-9213

We are open Monday – Thursday from 8:00 AM to 6:00 PM.

We are closed from daily 12:00 to 1:30.

Daily Walk in Hours

Monday 7:45 AM – 8:15 AM

Tuesday 11:30 AM – 12:15 AM

Wednesday 7:45 AM - 8:15 AM

Thursday 4:30 PM – 5:45 PM
